# Material & Composition

01

100% Compostable

02

Direct from manufacturer  
(No middle Man)

03

Safe for food contact

04

Customizable thickness and flexibility

**PBAT**

A compostable polymer that provides strength and flexibility.

**Corn Starch**

A renewable, plant-based ingredient that forms the core structure of our bags.

**Natural Fillers**

Used in precise ratios to enhance texture, manage cost-efficiency.

# Certifications & Compliance

**CPCB Certification**

Certified by CPCB, our bags meet India's compostable packaging standards.

Certificate No: VISHVAMITRAPACKAGING/Chhattisgarh/575

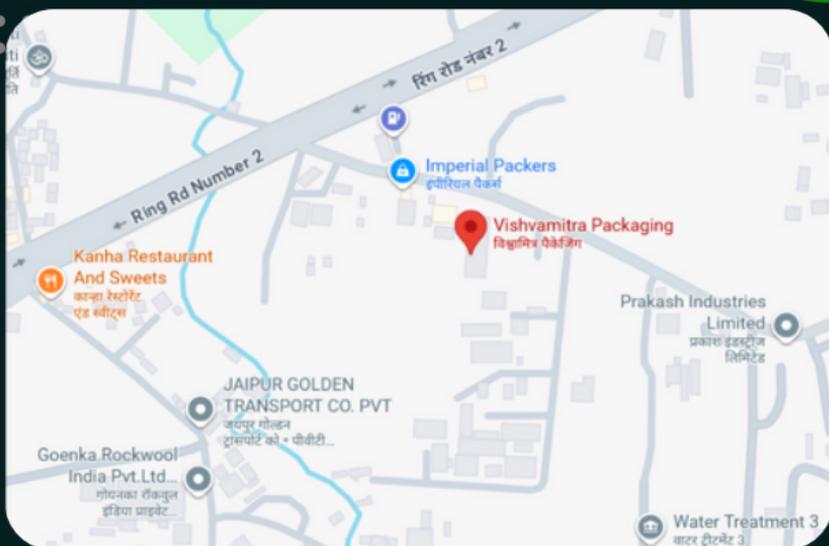

**CIPET Test Report**

Tested and certified by CIPET-APDDRL under ISO 17088:2021, our bags achieved 92.4% compostability in 155 days, meeting all biodegradability, seed germination, and eco-safety standards.

**CGECB Consent Certificate**

CGECB certified to manufacture 1900 MT/year of compostable bags in compliance with environmental laws.
